Un séjour à Paris (en utilisant le métro)

Français IIIH

Les buts de ce projet :
✓ Organize an itinerary for a three-day trip to Paris which incorporates visiting selected cultural and historic sites.
✓ Demonstrate knowledge and efficient use of the Paris metro.
✓ Demonstrate mastery of the passé composé and imparfait

Votre travail:
1. Votre itinéraire

Your planning begins day one from an assigned hotel. My hotel is ____________________________ at the metro stop

Required visits will come from a predetermined list of sites. You must also include a minimum of two optional sites from the given list that would be of potential interest to you. Plan your itinerary using the most efficient routings on the metro system, allowing ample time from touring the actual sites, eating meals (breakfast, lunch, diner), buying souvenirs, shopping/free time, etc. The trick is to locate the places on a Paris map, find the nearest metro stops for each, and arrange your route in a logical order. Remember that walking a short distance in place of the metro may end up saving you time. You must verify that all the places you want to visit will be open at the time you schedule to visit them (there's nothing worse than getting to the Louvre and finding out it's closed!). You should have a developed written itinerary for each of the three days, starting from your hotel in the morning until you return at night. Your itinerary should be typed and organized in a fashion that makes it easy to follow.

10 Required Sites:
- Cathédrale Notre Dame
- Tour Eiffel
- Place de la Concorde
- Louvre
- Arc de Triomphe
- Opéra
- Champs-Élysées
- Hôtel des Invalides
- Centre Pompidou
- Versailles

Optional Sites: (pick 2)
- Église de la Madeleine
- Hard Rock Café
- Notre Dame Crypt or Paris Catacombes
- Jardins du Luxembourg
- Jardin / Musée du Rodin (le "Penseur")
- Musée d'Orsay (impressionist art)
- Basilique Sacré Coeur / Montmartre
- Cimetière du Père Lachaise (Jim Morrison's grave)
- Evening boat trip on the Seine river

Criteria to be Assessed: see attached rubric

*** meeting deadlines
*** inclusion of all necessary and optional sites
*** completeness of itinerary

*** verification of all opening and closing times
*** correct & efficient use of subway (or other means)
*** group presentation of itinerary
2. Une lettre
You must write a letter to a friend back home telling him/her about your trip. Your letter should be in French, handwritten, and skip lines. Your letter should demonstrate what you’ve learned about the various sites in Paris, as well as show your ability to use the passé composé and imparfait correctly. You will additionally be assessed on your use of transition words to make the letter flow smoothly, and your use of correct letter format and expressions. In your letter you must use at least five verbs that use either être or avoir as a helping verb in the PC. Additionally, you must use at least two of the verbs that change meaning when in the PC or IMP. You must underline or highlight your PC/IMP verbs, your transition words, and your formal letter expressions. If you do not underline or highlight them you will not receive credit for them.

3. Un oral
You will also be asked to speak (either in the lab or in front of the class) about your trip. You will speak for two minutes. For your oral, you should pretend like you are talking to a friend on the phone about your trip. Tell them about two or three interesting things you experienced while in Paris. As with the letter, you will be graded on your ability to show what you have learned about Paris while using the past tenses correctly. While you do not need to use as many of the special verbs as you do in your letter, your oral should still demonstrate your ability to use them properly. Please make sure to include them. You will not have notes or a note card.
